

START YOUR CAREER

AG EQUIPMENT TECHNICIAN APPRENTICESHIP

HANDS-ON TRAINING.
REAL-WORLD SKILLS.
A FUTURE WITH JOHN DEERE.

Belkorp Ag – California's Premier John Deere Dealer

BE THE REASON THE WORK NEVER STOPS

Whether you're passionate about mechanics, agriculture, or simply love working with your hands, Belkorp Ag's apprenticeship program sets you up for a skilled trade career that's in demand and built to last.

You'll learn how to diagnose, repair, and maintain advanced agricultural equipment — from tractors and harvesters to irrigation systems and dairy machinery. Through on-the-job training and classroom instruction, you'll gain the skills to work with precision tools, diagnostic technology, and heavy machinery in the field.

PROGRAM HIGHLIGHTS

- Become Federally Certified as an Ag Equipment Technician
- Full-Time Paid Apprenticeship – Earn while you learn!
- Full-Time Benefits – 3 Weeks of PTO your first year, zero-cost medical coverage, and more!
- Earn Wage Increases as you Progress
- Hands-on Training with John Deere equipment
- Courses from a John Deere Certified Instructor
- Work with the Latest Ag & Turf Technology
- Mentorship from Expert Technicians

WHO IT'S FOR

- Recent High School graduates
- Vocational or Technical students
- Anyone passionate about mechanics

PROGRAM DETAILS

- 2-year Program
- Located at a Belkorp Ag, John Deere dealership
